### ***MISSION***

The mission of Touro University Worldwide (TUW) is to offer online degree programs to serve the needs of adult learners (service to society), professionals (intellectual pursuit), and the underserved (social justice). TUW is committed to its doctoral, graduate, bachelor and associate degree programs to support this mission. The mission is also shared through the campus-based undergraduate education programs at Touro College Los Angeles Division which serves a specific student body. Together, the campus based and online programs contribute to the achievement of the overall Touro core values driving this mission to provide opportunities for those who are underserved, provide service to society and achievement of the overall Touro University Worldwide student success.

### ***HISTORY OF THE TOURO COLLEGE AND UNIVERSITY SYSTEM***

In 1790, George Washington visited the Touro Synagogue in Newport, Rhode Island, and spoke eloquently of democracy, ethics, equal opportunity and the American ideal. Little did he know how far his words would carry. Washington's vision inspired Isaac and Judah Touro, leaders in colonial America, to pioneer their family's efforts to enrich the lives of all people, regardless of creed or color, through educational opportunities, spiritual outreach, and vocational enterprise. The Touro family began providing major endowments for universities, the first free library in North America, independent health facilities across the United States, and communities in Israel.

In 1970, in the tradition established by the early Jewish-American leaders for whom it is named, Dr. Bernard Lander founded Touro College to strengthen the Judaic tradition and serve the broader community with compassion and dignity. Chartered by the Board of Regents of the State of New York, the College welcomed its first 35 students in the Liberal Arts and Sciences in 1971.

From humble beginnings, Dr. Lander built a flourishing institution that reaches across the country and the world. Touro is currently enrolling over 18,000 students a year in a broad range of disciplines, including business, law, social work, Jewish Studies and technology. Each decade has ushered in a wave of new academic and professional programs designed to give students an advantage in an increasingly competitive world:

---

**The 1980s**

The Jacob D. Fuchsberg Law Center and the School for Lifelong Education opened, as well as a college for recent immigrants. The latter would eventually evolve into the New York School of Career and Applied Sciences (NYSCAS).

**The 1990s**

Touro University California, Touro University International, and the School of Health Sciences were established, introducing colleges of osteopathic medicine, pharmacy, health sciences, and education. Touro expanded its undergraduate offerings with new campuses in Brooklyn and Manhattan.

**The New Millennium**

Since 2000, the Touro network has grown to include international sites in Paris and Berlin, as well as coastal campuses in Los Angeles, Orange County, and Miami. In 2004-5, the new Touro University Nevada launched programs in osteopathic medicine, nursing, occupational therapy, and education. Between 2007-2009 the College of Osteopathic Medicine and the College of Pharmacy opened in Harlem, and in 2011 New York Medical College, in Valhalla, NY, became part of the Touro family.

In 2010, when Dr. Alan Kadish took over as president of Touro following Dr. Lander's esteemed tenure, he renewed our commitment to ensure that even as we grow, each campus, every program, and all of our students are held to the standard set for us over 220 years ago.

Touro is a system of non-profit institutions of higher and professional education. Touro College was chartered in 1970 primarily to enrich the Jewish heritage, and to serve the larger American and global community. Approximately 18,000 students are currently enrolled in its various schools and divisions. Touro College has 29 branch campuses, locations and instructional sites in the New York area, as well as branch campuses and programs in Berlin, Jerusalem and Moscow. New York Medical College; Touro University California and its Nevada branch campus; Touro University Worldwide and its Touro College Los Angeles division; as well as Hebrew Theological College in Skokie, Ill. are separately accredited institutions within the Touro College and University System. ## ***HISTORY OF TOURO UNIVERSITY WORLDWIDE***

The Touro College and University System has a long track record of offering high quality online degree programs in professional fields at the Bachelor, Master, and Doctorate levels. Touro University International (TUI) was founded in 1998 by Dr. Yoram Neumann and Dr. Edith Neumann and was the first university in the world to offer a regionally accredited PhD program online with no residency requirements. Government and military students had exceptional participation. Drs. Neumann, the founders, led TUI for 11 years (1998-2009). At that time, TUI had graduated 14,000 proud alumni. From no courses in 1998, TUI offered more than 50,000 course registrations in 2009. In 2007, TUI was sold to a private equity group.

Touro University Worldwide (TUW) was founded in 2008 by Dr. Bernard Luskin to replace the void that the sale of TUI had created. Drs. Neumann, the founders of TUI, returned to Touro in July 2012 and assumed the leadership of Touro University Worldwide. The mission of online education at Touro University Worldwide is to offer professional degree programs to serve the needs of adult learners (service to society), professionals (intellectual pursuit), and the underserved (social justice).

## MESSAGE FROM THE CHANCELLOR AND CEO

---

### **CONGRATULATIONS GRADUATES!**

To be an educated person is to be caught up in a world of ideas. Many people have helped you navigate through this world. Faculty and staff who have taught and guided you, family members who have supported you, and friends you've made here, are all part of your success. The course of your life has been changed through your experiences

at Touro University Worldwide and we are all proud to have taken this journey with you.

Welcome to the ranks of Touro University Worldwide alumni who have gone out into the world and made a difference. Knowledge is empowerment and I am confident that you have the necessary skills to build a successful future. You now go forward with new knowledge, charged with helping to make our world a better place. Marian Wright Edelman once said, "Service is the rent we pay for living on this earth." I would add that those who are educated are uniquely positioned to serve others and there is no greater joy.

Graduates, you may feel uncertain about your next steps. That is to be expected. But I urge you to "trust in the you of now," as the saying goes, and I am confident you will find your path. The challenges and triumphs of your student years have prepared you for future accomplishments, and it is now time to take your ideas out into the world. I wish you great success, happiness, and prosperity. Whether you're pursuing a career or furthering your education, it is time to declare yourself to the world.

Your greatest accomplishments are yet to come!

Dr. Yoram Neumann  
Chancellor & Chief Executive Officer  
Touro University Worldwide

**Howard A. Lim**

No matter the size of the business, Howard A. Lim is passionate about brand logistics and creation. Inventor, entrepreneur, visionary, Mr. Lim is known internationally as a thought leader and influencer. By blending business, marketing and branding, he bridges the gap between business fundamentals and creative innovation, using his proprietary process to seamlessly craft brand identities that speak to the market for the greatest possible impact. With more than 30 years of experience working with multiple industries and technologies, Mr. Lim has what it takes to reimagine any brand and see it succeed.

Mr. Lim and his Los Angeles-based multidisciplinary firm, HOW Creative, “build businesses.” He and his team have been key contributors to some of the most disruptive technologies to hit the marketplace. When DVDs began to dominate the market and overtake VHS and Beta tapes, Mr. Lim was behind the venture, lending his expertise and innovation to its success. He pioneered one of the first computerized, off-line, motion graphics for ABC networks, forever changing television viewing and birthing the rise of motion

graphics as a whole. Mr. Lim led his team to position Zylan by launching one of the first graphically integrated, effective, award-winning websites, which set new standards for an optimal user interface experience. Mr. Lim was the mind behind the first all-digital ad Fujitsu used at MAC World and published in MAC User national magazines, putting Fujitsu on the map as a removable disc leader. Mr. Lim also developed the first digital ad for Claris’s software FileMaker Pro, a full-page advertisement published in the Wall Street Journal that led to FileMaker Pro’s success in dominating the market in their category.

It was Mr. Lim whom Access Media hired to launch a marketing campaign designed to lobby for the broad usage of the World Wide Web—at the time it was strictly used in medical and government industries. Mr. Lim branded University of California Santa Barbara’s ACCESS card, a new product combining debit features and student ID into one convenient card. It was so successful; it quickly became the industry standard for

---

universities across the United States. When the City of Los Angeles Marathon needed to reignite their brand, Mr. Lim held the torch, developing a simple, bold, and memorable brand identity system. As a result of Mr. Lim's innovation and creativity, the Marathon had record-breaking attendance, selling out with 23,000 running participants—the largest participation in its 15-year history. It wasn't just the Marathon's brand to reap benefits. Local businesses saw bigger revenues, and the community as a whole forged tighter bonds.

Mr. Lim has represented a vast array of Fortune 500 brands, including Apple, Honda, Disney, DreamWorks, Acura, Xerox, Oracle, Cirque du Soleil, Lakeshore Entertainment, Mattel, Jakks Pacific, Northrop, ATT, Paramount Pictures, and HP, just to name a few. His contributions have added billions of dollars to clients' profits, to the greater value of the brand, and to the company's equity.

Using his rich and diverse experiences, Mr. Lim has developed and refined a complete, trademarked, integrated process that blends business and marketing with an emphasis on branding. This process has crafted compelling, world-class brands for all sizes that were embraced and understood across all channels.

Mr. Lim is the author of *Authentic Branding*® and is a frequent speaker, judge, and panelist at conventions and product and business conferences. He regularly hosts seminars and workshops and has taught more than 75,000 entrepreneurs how to build differentiated brands that connect with customers intellectually and emotionally. Authentic Brands® has proven time and again to accelerate growth, profit, and value for every company, large or small.
